Isapa 2015

Happy New Year 2015

Dear Colleagues, As we approach the end of 2014 which has witnessed excellent Regional Symposia in China, Spain and the USA, the ISAPA 2015 Organizing and Scientific Committee would like to wish you a joyful and prosperous year. We would be delighted to meet you personally in the upcoming Congress and spend a few days of scholarly discussions, experiences and collaborations at the Wingate Academic College.

Abstract and Registration

Abstract [Submission](#) and [Registration](#) are now open.
Deadline for submissions is February 1st, 2015.

Post-congress Inclusion Course

A post-conference course on Inclusion in Physical Education and Sport with Prof. Martin Block and Prof. Lauren Lieberman as main presenters has been announced to follow the Congress on 16-18 June, 2015. The course will focus on how to create instructional and curricular accommodations and how to implement these accommodations in a general class. The course is available to congress participants for an additional US \$75.

Video and Photo Contests

A video and photo contest has been launched and Congress participants are invited to participate and share their work, preferences and comments on the Facebook page <https://www.facebook.com/groups/1523866104528284/>

Rimmer & Keynote Abstracts available Online: Block

The abstracts of the keynote presentations to be delivered by [Prof. Martin Block: Physical Education Teacher Education in Light of the Inclusion Approach](#) addressing how General Physical Education (GPE) teachers should be educated and by [Prof James Rimmer: Why Adapted Physical Activity Professionals Are More Important in this New World of Implementation Science](#) addressing the role of APA professionals in rehabilitation and prevention practices are available online

Invited Symposium Middle East Stepping Forward

The Middle East Stepping Forward (MESF) is a consortium of researchers and practitioners from Middle East countries including Palestine, Jordan and Israel who have crossed regional, political, religious and scientific borders to answer the question, "[How can we most effectively treat children with cerebral palsy?](#)"
